ARTICLE VII – WATER USE RESTRICTIONS

§182-44 PURPOSE.

The purpose of this article is to ensure the use of water is regulated in a manner that the Lebanon City Council deems to be in the best interest of the City of Lebanon. The Lebanon City Council may use reasonable means to protect, preserve and maintain the public health, safety and welfare when a water supply shortage exists.

Notice shall be published in the Valley News and shall be posted in two public locations and posted on the City's Website. An alert shall also be issued through the City's public alert system.

§182-47 TERMINATION OF A NOTICE OF A WATER SUPPLY SHORTAGE

Upon a determination that the water supply shortage no longer exists, the City Manager, or his/her designee, may terminate water use restrictions. Public notification of the termination shall be posted in two public locations and posted on the City's Website. An alert shall also be issued through the City's public alert system.

§182-48 EXCEPTIONS TO RESTRICTIONS

- A. Hand irrigation of crops/garden areas used for food by residents at a residential property shall not be restricted.
