RE: PROJECT WORK TO BEGIN

Dear Resident,

The City of Lebanon is announcing that construction will begin for the CSO#13 project on Monday, June 14th.

The City and the contractor, Notts Excavating, will be holding a meeting on the lawn of Romano Circle on Tuesday June 15th at 5:00 pm. We will be onsite so that the residents understand what will be happening in the Romano complex and how it may impact traffic, parking, recreation areas, sidewalks, etc. This is a time to ask questions, and understand the time- lines, the limits of work and how it affects the residents in the project area.

All are encouraged to attend the meeting, ask questions , comment, etc. with regards to this project. You may also visit the project website page at <https://lebanonnh.gov/1338/cso-project-no-13> To view plans and to subscribe to receive alerts.

If you should have any questions, please contact me via email or phone (listed below).

Sincerely,

Christina Hall, P.E.
City Engineer
